Address: Riyadh , Saudi Arabia

SUMMARY

ISTQB-certified QA Engineer with 4+ years of hands-on experience in manual, automation, and performance testing, plus 1 year in web development. Proficient in modern testing tools including Playwright, JMeter, and Postman, with additional Java Spring Boot skills. Proven track record of implementing efficient testing processes, mentoring team members, and delivering high-quality software solutions.

EXPERIENCE

Senior Quality Assurance and Testing | 12/2021 – Present

Tamkeen Technology

- Developed and maintained automated test scripts using playwright, reducing regression testing time
- Performed cross-browser testing across Chrome, Firefox, Safari, and Edge, identifying browser-specific issues before production release
- Mentored 2 junior testers on test case design principles and defect reporting best practices, accelerating their productivity by 40%
- Collaborated with Product and Development teams to implement shift-left testing practices, identifying and preventing defects during requirements and design phases
- Conducted root cause analysis for production incidents, identifying systemic quality gaps and implementing preventive measures that reduced similar incidents by 90%
- Led performance testing initiative using jmeter, identifying critical bottlenecks that improved page load time

Laravel Developer | 09/2020 - 11/2021

Tamkeen Technology

- Developed and maintained front-end components and user interfaces using HTML, CSS, and JavaScript, along with frameworks like React/Vue.js.
- Contributed to the development of back-end logic and APIs using Laravel/PHP.
- Worked with databases to design and implement data models and perform database operations.
- Performed Unit Testing to ensure individual pieces of code work as intended.

Developer | 01/2020 – 03/2020

Lam Firm

- Developed and maintained front-end components and user interfaces using HTML, CSS, and JavaScript.

Help Desk | 02/2013 – 08/2015

Al Arabi Heavy Equipment Company

EDUCATION

Swinburne University of Technology in Australia | 2019

Bachelor of Information Technology , Software Testing

CERTIFICATIONS

ISTQB® Certified Tester Foundation Level (CTFL) | 2024

COURSES

Introduction to Software Testing | 2024

University of Minnesota

PROJECTS

Test Automation Initiative – Playwright & TypeScript

Shift regression testing from manual to automated to reduce testing cycles and improve efficiency.

Performance Testing – JMeter

Identify performance bottlenecks and ensure application can handle expected user load
