PROFILE

Lead QA Engineer with 5+ years in manual, automation, and performance testing across web and mobile. ISTQB® Certified former developer who reads the code under test and pinpoints root causes.

CERTIFICATES

ISTQB® Certified Tester Foundation Level (CTFL)

MEMBERSHIPS

Saudi Council of Engineers

PROFESSIONAL EXPERIENCE

Lead QA Engineer 2026 – Present | Riyadh, Saudi Arabia
Jeel Pay

- Set up the web and mobile automation testing framework using Playwright and Appium.
- Authored and maintained end-to-end test scripts covering critical user flows across web, iOS, and Android.
- Defined QA standards, test strategy, and review practices for the engineering team.
- Owned API test coverage with Postman, validating core payment and account services.

QA Specialist 09/2024 – 02/2026 | Riyadh, Saudi Arabia
Tamkeen Technologies

- Built a Playwright POM framework, automating regression across Chrome, Firefox, Safari, and Edge.
- Led performance testing with JMeter and reduced recurring production incidents through structured root cause analysis.
- Drove shift-left testing with Product and Dev teams and mentored 2 junior testers.

Senior QA Engineer 10/2022 – 08/2024 | Riyadh, Saudi Arabia
Tamkeen Technologies

- Designed functional and integration test cases and built Postman collections for REST APIs.

QA Engineer 11/2021 – 10/2022 | Riyadh, Saudi Arabia
Tamkeen Technologies

- Tracked defects in Jira, ran smoke tests after each deploy, and managed test runs in Zephyr Scale.

Laravel Developer 09/2020 – 11/2021 | Riyadh, Saudi Arabia
Tamkeen Technologies

- Built React.js/Vue.js front ends, Laravel/PHP APIs, database models, and unit tests.

SKILLS

Testing: Manual Testing - Regression Testing - Smoke Testing - UAT | **Web Automation:** Playwright | **Mobile Automation:** Appium | **API & Performance:** Postman - JMeter - K6 | **Test Management:** Qase - Zephyr Scale

EDUCATION

Bachelor of ICT (Software Technology)
Swinburne University of Technology
2017 – 2019 | Melbourne, Australia

COURSES

Playwright Power Techniques — Coursera, 2026
Introduction to Software Testing — Coursera, 2026
PMI-ACP® — Meirc Training & Consulting, 2025
MBSC Leadership Essentials — MBSC, 2025

PROJECTS

Sauce Demo – Playwright Automation | github.com/TestWithSaud/sauceLab
Playwright + TypeScript E2E suite using Page Object Model, covering login, cart, and checkout across Chromium, Firefox, and WebKit.

BlazeDemo – JMeter Performance Suite | github.com/TestWithSaud/BlazeDemo
JMeter load and stress tests for a flight booking flow, with stepped load profiles, response-time SLAs, and data-driven scenarios.
